Education

B. Tech
Computer Science
Galgotias University

2022-26

CGPA:7.25

Key Skills

HTML/CSS
JavaScript/C++
React Js
SQL(PostgreSQL)

Objective

Aspiring and passionate Computer Science student with a strong foundation in programming, web development, and problem-solving. Eager to apply academic knowledge and technical skills in real-world scenarios to contribute to innovative projects. Seeking an opportunity to learn and grow within a dynamic environment, while leveraging my skills in C++, React, JavaScript, and Tailwind CSS. Committed to continuous learning and development with the goal of becoming a proficient frontend developer.

Experience

Frontend Developer

Personal Projects | Remote

Jan 2024 – Present

- Developed responsive web applications using **React** and **Tailwind CSS**, enhancing the user experience with dynamic UI components.
- Implemented JavaScript features to improve site interactivity and performance.
- Collaborated with a small team on a GitHub-hosted project, ensuring effective code versioning and team coordination.

Project

Note Keeper App

Technologies: React.js, JavaScript, HTML, CSS

- Developed a Node Keeper app using **React.js** to manage and store notes efficiently.
- Implemented dynamic UI elements to allow users to add, delete, and update notes in real-time.
- Utilized state management techniques to ensure smooth performance and user-friendly interactions.
- Focused on responsive design to provide a seamless experience across devices.
